

## Product Specifications

### Major Specifications

		DocuWide 3030EC <sup>1</sup>	DocuWide 3030MF	DocuWide 3030
Configuration		Console type	Console type <sup>2</sup>	Console type
Resolution	Data processing resolution	600dpi x 600dpi		
	Output resolution	600dpi x 600dpi		
Continuous copy & print speed		A0: 3 cpm/ppm, A1 (LEF): 5 cpm/ppm, A1 (SEF): 4 cpm/ppm, A2 (LEF): 7 cpm/ppm A2 (SEF): 5 cpm/ppm, A3 (LEF): 9 cpm/ppm, A3 (SEF): 7 cpm/ppm, A4 (LEF): 11 cpm/ppm		
Paper supply system/Supply capacity		1-roll model <sup>3</sup> : One roll of roll paper <sup>4</sup> & Manual paper feed <sup>5</sup> 2-rolls model <sup>3</sup> : Two rolls of roll paper <sup>4</sup> & Manual paper feed <sup>5</sup>		
Roll paper cutting system		Standard cut, Synchronized cut		
Copy/Print paper	Type	Roll paper: Plain paper, Tracing paper and Film Cut paper: Plain paper, Tracing paper and Film		
	Weight	Roll paper: Plain paper: 60 – 110 gsm, Tracing paper: 90 – 110 gsm, Film: 75 – 100µm Cut paper: Plain paper: 60 – 110 gsm, Tracing paper: 90 – 110 gsm, Film: 75 – 100µm		
Image loss width		Lead edge: 5mm, Trail edge: 5mm, Right & Left edge: 5mm <sup>6</sup>		
Power		AC220 - 240V +/- 10%, 10A, 50/60Hz common, Single phase (2 line+GND)		
Power Consumption	Maximum	2.4kW or less		
	Sleep mode	25W or less		
	Low-power mode	250W or less		
Warm-up time		Within 135 seconds (22°C, Power on)		
Machine size (Width x Depth x Height)		1,310 x 710 x 1,155mm	1,310 x 710 x 1,155mm	1,310 x 710 x 1,091mm
Dimension of machine possession		1,310 (Width) x 710 (Depth) mm		
Weight		(1-roll model) 243kg or less	(1-roll model) 243kg or less	(1-roll model) 235kg or less
		(2-rolls model) 267kg or less	(2-rolls model) 267kg or less	(2-rolls model) 259kg or less

<sup>1</sup> Scan and print functions can be added to the Docuwide 3030EC by purchasing a "BC-MF upgrade kit"

<sup>2</sup> One-unit type with scanner and printer

<sup>3</sup> Outer roll diameter: 185mm or less

<sup>4</sup> Roll paper feed (3 inches core roll): width : 297 – 914mm, Length : 210 – 5,000mm

<sup>5</sup> Manual paper feed: Width: 210 – 914mm, Length : 210 – 2,000mm

<sup>6</sup> When outer roll diameter is less than 100mm: Lead edge: 8mm, Trail edge: 8mm

### Copier Specifications

		DocuWide 3030EC / DocuWide 3030MF
Document transfer		Document transfer by scanner
Document size	Width:	182 - 914.4mm
	Length:	210 - 5,000mm <sup>1</sup> (100%)
Document thickness		Front output: 0.05 - 0.2mm, Rear output: 3.2mm or less
Document type		Text/Line-art, Text/Photo, Photography, Text/Line-art (transparent)
Input resolution		600 x 600dpi
Copy size		Roll paper: Max. Width - 914mm, Max. length - 5m <sup>1</sup> , Min. Width - 297mm, Min. length - 210mm
Continuous copy		99 sheets <sup>2</sup>
First copy output time		Upper roll: 35 seconds or less (A0, at the magnification of 100%)
Copy magnification		<Size for size> 1:1 ± 0.4% (22°C, 55% humidity) <Fixed copying ratios> 1:0.250, 1:0.353, 1:0.500, 1:0.707, 1:1.414, 1:2.000 <Zoom magnification> 1:0.250 - 1:4.000 ( 0.1% steps)
Copy and document input functions		Electronic sorter (Sort and stack), auto paper selection, auto magnification selection, backgroundsuppression, 90 degrees rotation, fine magnification adjustment (0.1% steps), copy density adjustment (nine levels), scanning start position adjustment, copy position adjustment, margin at the Lead Edge and the Trail Edge, mirror image, negative positive inversion, contrast (five levels), edge erase, and additional copy

<sup>1</sup> Informed consent length is 15m. Please ask our sales staff for details

<sup>2</sup> Operation of the machine may be temporarily stopped for processing to stabilise image quality

### Printer Specifications

		DocuWide 3030MF / DocuWide 3030
Print size		Roll paper: Maximum width 914.4mm x maximum length 5m <sup>1,2</sup> Minimum width: 297mm Minimum length: 210mm (The same as "Copy size" in Copier specifications described above.) <sup>3</sup>
Continuous print		99 sheets <sup>4</sup>
First print output time		Upper roll: 60 seconds or less (with a A0, 1,646 KB company data)
Continuous print speed		A0: 3 cpm/ppm, A1 (LEF): 5 cpm/ppm, A1 (SEF): 4 cpm/ppm, A2 (LEF): 7 cpm/ppm, A2 (SEF): 5 cpm/ppm, A3 (LEF): 9 cpm/ppm, A3 (SEF): 7 cpm/ppm, A4 (LEF): 11 cpm/ppm
Memory		Standard: 256MB, Maximum: 1.25GB (With additional memory-option)
Interface	Standard	Ethernet 100BASE-TX/10BASE-T
Network protocol		TCP/IP (lpr, ftp)
Emulation	Standard	HP-GL (HP7570A), HP-GL2/RTL (HP DesignJet 1050C), VRF, VCGL, FX-MMR, TIFF, CALS
	Option	PDF (V1.3), Adobe_PostScript_3TM, CGM
Applicable OS		Windows® Me, Windows® 2000, Windows® XP

<sup>1</sup> Required an option memory

<sup>2</sup> Informed consent length is 15m. Please ask our sales staff for details

<sup>3</sup> Application SW may limit applicable maximum length

<sup>4</sup> Operation of the machine may be temporarily stopped for processing to stabilise image quality

### Scanner Specifications

		DocuWide 3030MF
Type		Mono-chrome Scanner
Scan size		Maximum width 914mm x 5m <sup>1</sup> (Plain paper)
Scanning resolution		600 x 600dpi
Halftone		256 levels of gray, and monochrome binary
Scan mode		Text/Line-art, Text/Photo, Photography, Text/Line-art (transparent)
Scanning speed		76.2 mm/second (magnification 25 - 100%)
Interface		Ethernet 100BASE -TX/10BASE -T

<sup>1</sup> Informed consent length is 15m. Please ask our sales staff for details

THE DOCUMENT COMPANY

**FUJI XEROX**

A whole new  
(wide) world of productivity

Fuji Xerox  
DocuWide 3030 Series

3030MF  
3030EC  
3030EP

The new DocuWide 3030 series gives you a range of wide format solutions, each incorporating high performance design with high speed processing & high image quality output. No matter whether your task at hand involves wide format document production, printing, copying, distribution or storage in a digital format, the DocuWide 3030 series sets new standards in all the ways you work with documents.

## A whole new (wide) world of possibilities

**Touch Screen:**  
With its simple LCD Control panel, the DocuWide 3030 is very easy to use. The display provides detailed available media information and device status.

The DocuWide 3030 series offers three state of the art model types, each equipped with the latest digital technology to keep your office running smoothly and efficiently:

### DocuWide 3030MF (Multifunction Scanner/Copier/Printer)

- Fast printing rate at 3 ppm for A0, 5 ppm for A1 output, 7 ppm for A2 landscape, 9 ppm for A3 landscape
- High scanning resolution at 600 x 600 dpi in 256 grey scales
- High-speed controller enables efficient data processing, multiple reception of jobs and various data formats
- Scan to "Mail Box" and retrieve information via TWAIN Source or Scanning Software
- Scan & digitise A0 to A4 drawings, documents and manuscripts
- Document management via DocuWorks

### DocuWide 3030EC (Engineering Copier)

- High resolution at 600 x 600 dpi
- Can generate up to 99 pages of continuous copying with one command
- Optional extras ensure maximum versatility Auto paper selection and auto magnification selection Electronic sorter kit makes collated copy jobs a breeze
- Upgradable to multifunction capabilities via optional EC-MF upgrade kit

### DocuWide 3030 (Printer)

- Fast output at 3 ppm for A0 output
- High performance controller provides high-efficiency data processing, multi-interface, simultaneous reception of different jobs and various data formats
- Allows users to check controller's settings and job status with web browser on a network PC
- "Logical Printer" provides a virtual printer for network-connected users, with the various output needs of users being supported in detail via prior settings

## Designed for the requirements of a wide range of demanding wide-format environments

### Superior print quality, more print options and high speed output

With 600 dpi and up to 256 greyscales for printing, copying and scanning, the DocuWide 3030 series delivers output up to A0 size (short edge feed) at 3ppm. Smaller A3 and A4 sized technical documents are processed at higher speeds; plus this versatile wide format device can be operated as a multifunction device to satisfy the needs of a range of general office requirements.

### Advanced system controller keeps work flowing

The 3030 series includes an embedded controller that supports a wide variety of data formats and provides an open output environment for smooth collaboration with other departments. In addition, a 'PrintServices on Web' function allows you to check and monitor the printer status – 'ready or not' status, roll paper size and type etc; from a remote location

### Fuji Xerox Support and Service

Fuji Xerox are specialists in wide format printing solutions. Throughout the whole (wide) world. When you buy Fuji Xerox you can count on service, support and back up that's second to none.

### Energy saver & friend to our environment

The DocuWide 3030 series has been designed in keeping with Fuji Xerox environmental guidelines, which meet the requirements of the International Energy Star Program. Low energy consumption, low emissions and low noise output are hallmarks of the series.

### Scanning options that give you more

The DW3030 series offers you a valuable choice of scanning, storage and sharing functions. For example, a 600 x 600 dpi resolution scanner allows for precision scanning at a lightning speed of 76.2mm/sec. Even hand-written drawings and documents can be easily digitised, stored and managed... in a flash. Plus network scan features mean that this information can be shared across your network in optimum modes for editing or processing.

### Enhanced productivity and document handling

The DW3030 series keeps you working smoothly and efficiently with features such as 'BT-PlotAssistant' which enables batch output of multiple drawing data, itself initiated simply by dragging and dropping files or data on your desktop. In addition, a Job Memory feature means you do not have to repeat multiple settings each time you re-do a job. A range of media loading options enables you to set various paper types including plain paper, tracing paper and film to ensure ongoing productivity and seamless operation.

### Space Saver

The sleek, compact design makes the DocuWide 3030 series well suited for even the smallest offices, without compromising functionality, quality or speed. Save precious office space and minimise costs with the multifunction DW3030MF, which combines the functions of a scanner, copier and printer.
